

In the following slides, you will see data relating gun ownership to death and crime rates.

In the graphs, each dot represents a state.

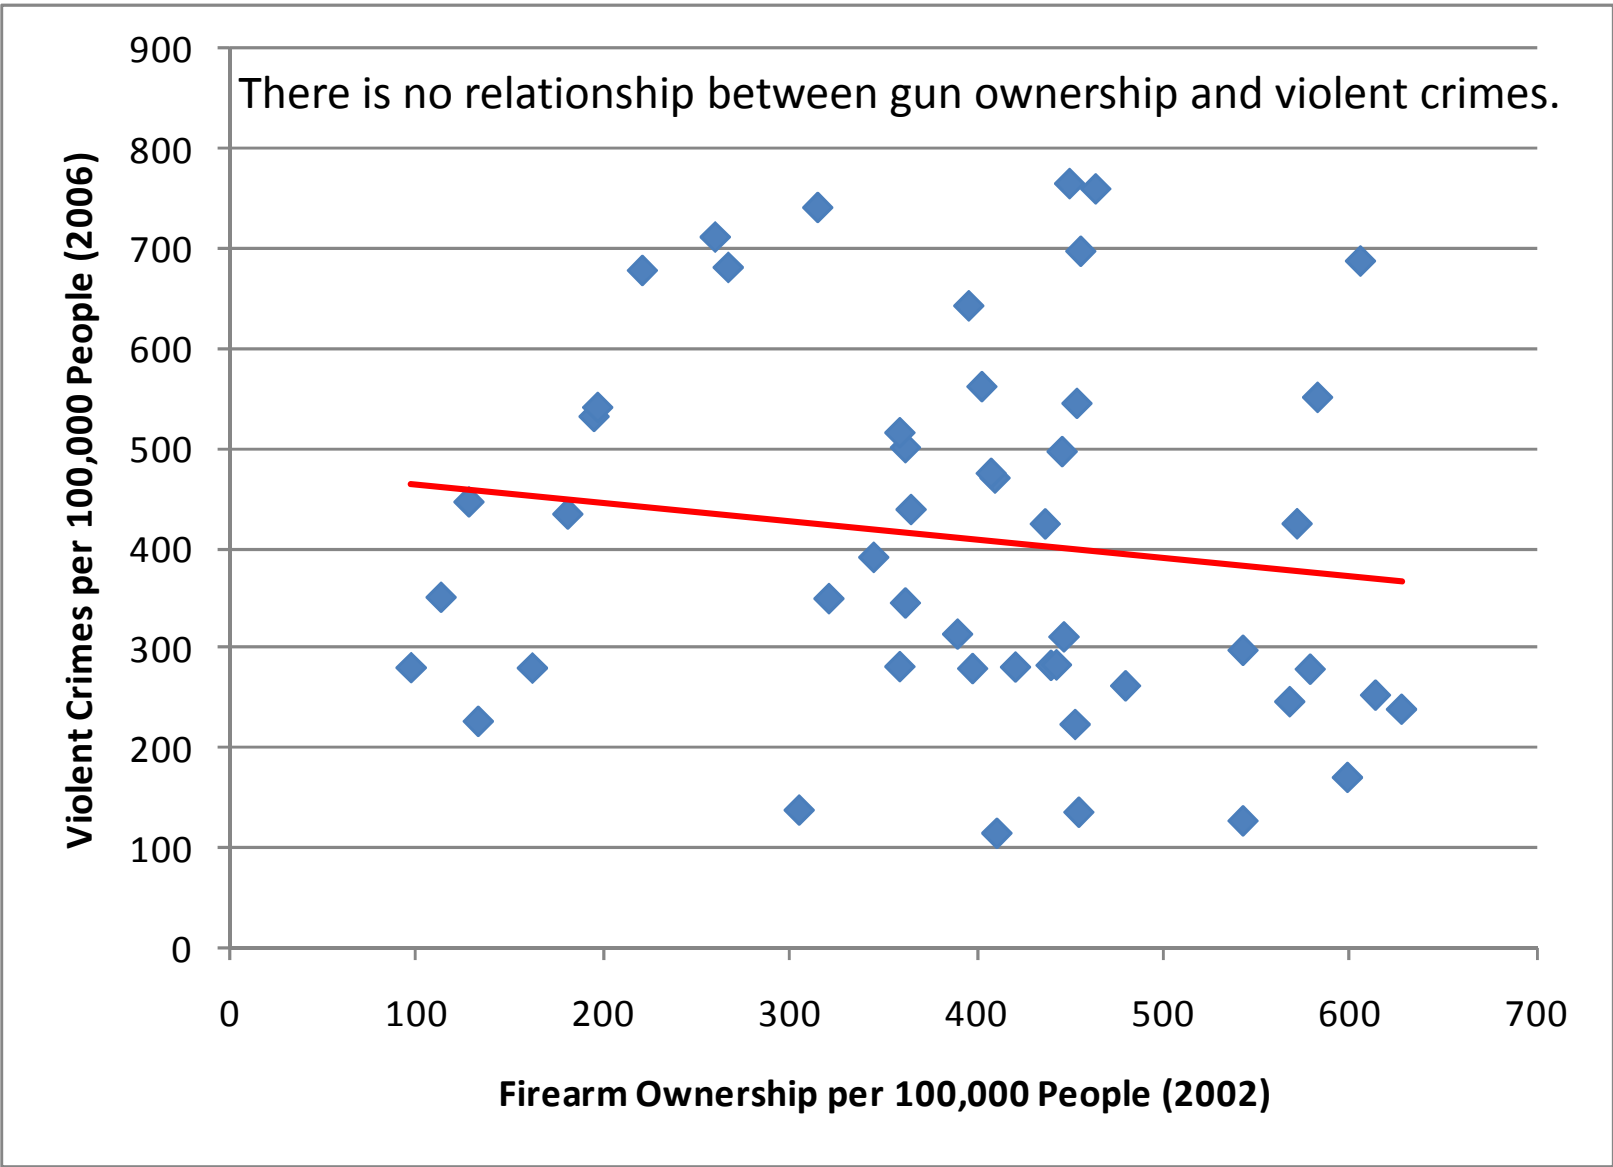

Data source: Okoro et al. (2005), *Pediatrics*. 116(3), Table 1; US Dept. of Justice, FBI, Criminal Justice Information Division.

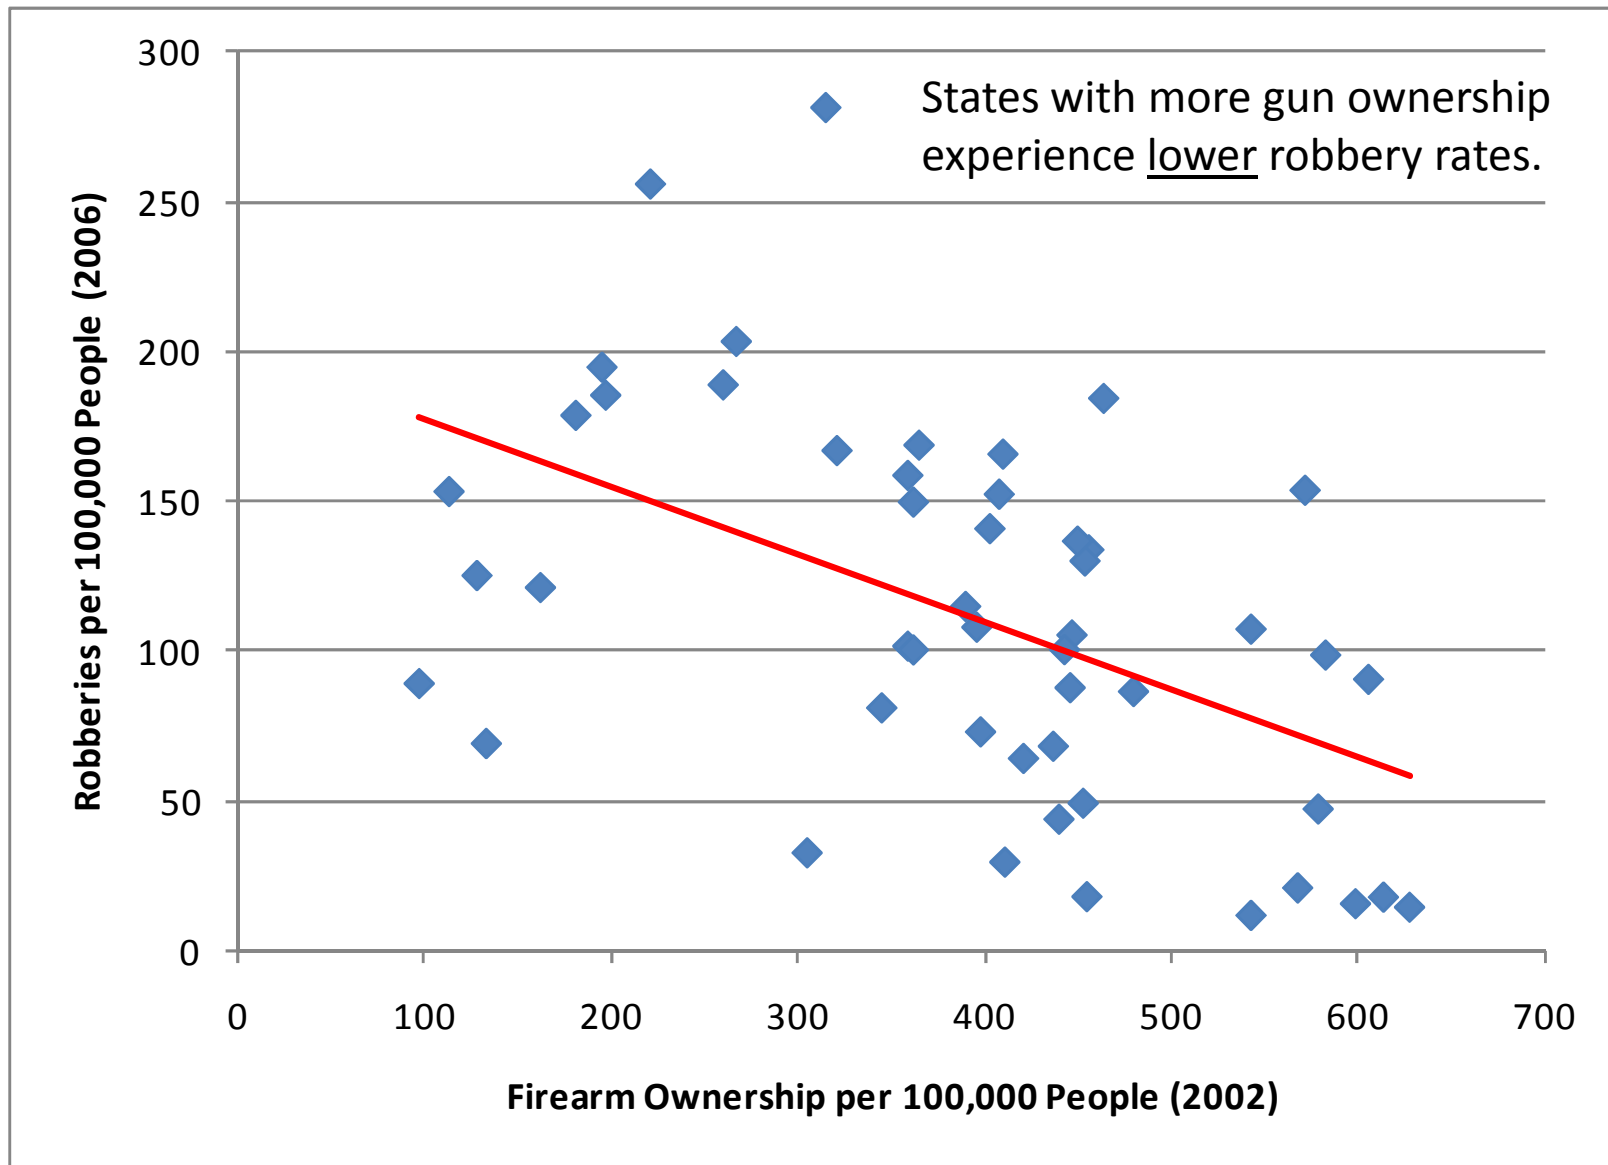

But, gun related deaths include suicides. If one removes suicides from the data, a very different picture emerges.

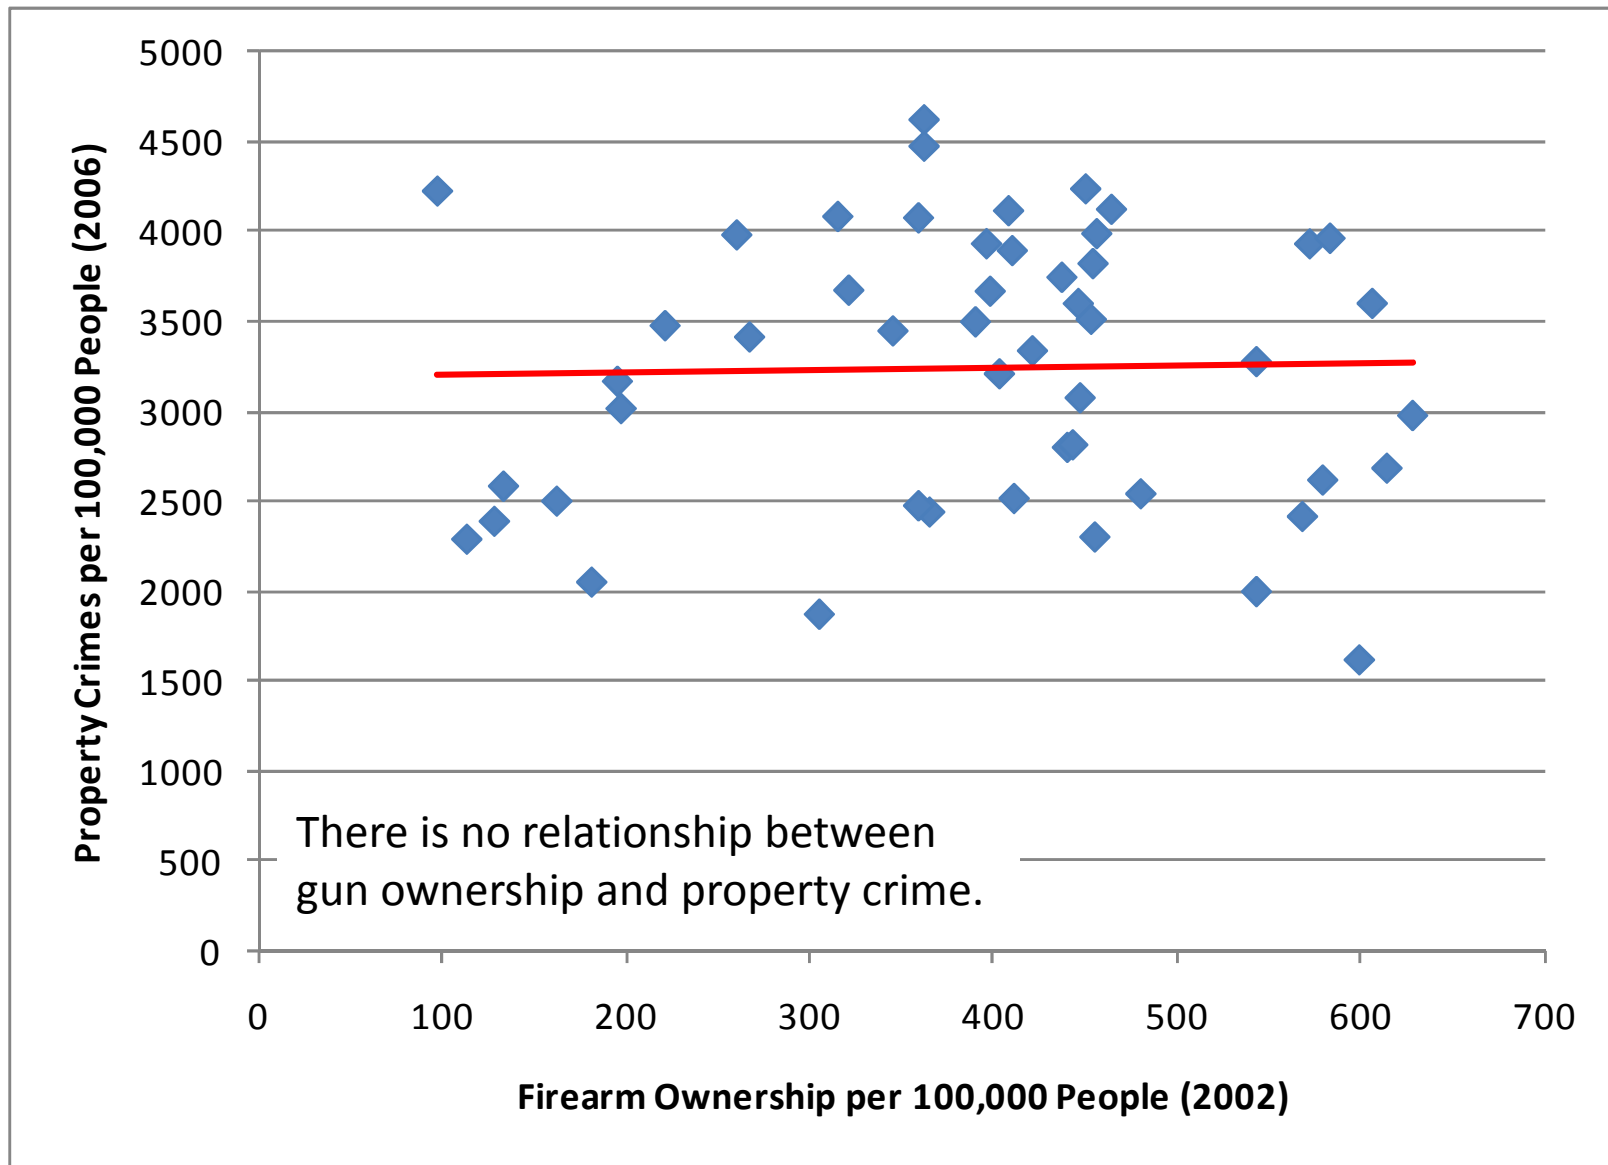

Data source: Okoro et al. (2005), *Pediatrics*. 116(3), Table 1; US Dept. of Justice, FBI, Criminal Justice Information Division.
